P-LOC

MADE BY PREVEX

P-LOC - KITCHEN SINK WATER TRAP FOR LIFE

Our P-loc is the perfect match for any kitchen sink. Its horizontal and vertical telescopic features allow for maximum adjustability in different configurations. P-loc is easy to mount, either on a wall or floor, and is extremely compact and durable. We can manufacture P-loc overflow covers according to any specific requirements, so you only need to ask. P-loc even has a wide range of accessories available for any configuration needed. When you need a water trap for a single or double-basin sink, P-loc is the answer.
